

Call for papers

NOITS Annual Workshop 2008

on

International Economics

Norwegian School of Economics and Business Administration (NHH)

Bergen, 17-18 April 2008

The eleventh NOITS workshop will be held in Bergen, 17-18 April 2008. The workshop will take place at the Norwegian School of Economics and Business Administration (NHH) and will be organised by Victor D. Norman, Norwegian School of Economics and Business Administration; Karen Helene Ulltveit-Moe, University of Oslo; Karolina Ekholm, Stockholm University; Rikard Forslid, Stockholm University; Pertti Haaparanta, Helsinki School of Economics and Pascalis Raimondos-Møller, Copenhagen Business School.

The non-Nordic speakers for this year will be Thierry Mayer, University of Paris and Simon J. Evenett, University of St Gallen.

The number of participants will be restricted to approximately 40. Accommodation will be paid for by the local organisers. Doctoral students submitting papers are encouraged to seek travel grants from the Nordic Network in Economics (see their homepage at www.hecer.fi/NNE/). Travel expenses will be reimbursed by the local organisers to the extent that funding permits. For local information please contact Anne Liv Scrase (tel. +47 55 95 95 75, email: Anneliv.Scrase@snf.no) or Karen Helene Ulltveit-Moe (tel. +47 22 85 72 40, email: K.H.Ulltveit-Moe@econ.uio.no).

Participants should plan to arrive in Bergen in the evening of April 16 and leave in the morning of April 19 as the program will start at 9 am on the 17th and finish with a dinner in the evening of the 18th.

Papers should be submitted in electronic format, by February 1, 2008, to Anneliv.Scrase@snf.no.

The Nordic International Trade Seminars (NOITS) was established in Stockholm, March 1998, at the network's first annual workshop. NOITS aims to organise annual workshops with presentations by Nordic researchers and graduate students specialising in international economics. In addition, a few non-Nordic researchers with a considerable international reputation will be invited. The network serves several purposes. First, it facilitates collaborative research and scientific contacts among Nordic researchers. Second, it offers graduate students and junior researchers an opportunity to present their work, and thereby get valuable feedback, as well as to prepare for international workshops and conferences. Third, it is hoped to strengthen the ties between the Nordic academic institutions.
